NEW SERVICE APPLICATION

To save your application it is only required to fill out the **Service Name field.**
To send in the application later on it is necessary to fill out the **remaining fields** and **pass the validation.**

Your service has specific technical challenges to function as a cloud service? (AAI, authorisation roles, licence limitations...) We, the HIFIS Cloud Team, are ready to help. Contact us at support@hifis.net.

Service name

Please indicate the name of the service you would like to offer in Helmholtz Cloud. Feel free to also indicate the software behind the service, if your service name does not imply that (e.g. Service name = nubes, Software behind the service = Nextcloud)

Software Name

Please indicate which software your service is based on.

Description

You can use this field to give a description about your service and its functionalities. Please note that this field is limited to 2000 chars (which equals 1 DIN A4 page full of text).

Service Owner

<First name>

<Last name>

<Mail address>

☐ The contact's email address is **not** their personal one

The person filling out the Service Application is automatically set as Service Owner.
You can enter an alternative mail address (e.g. if a functional mail address should be used for contact) or change the Service Owner at a later point in the Onboarding process.
