

Did you know? **Helmholtz Cloud** offers free **computing resources** for your team.

**Computation.** Access a broad range of federated computing services through the Helmholtz Cloud.

**Storage.** Support your computing project with scalable storage solutions.

**Orchestration.** Integrate these services into complete workflows with support from our consulting team.

### Jupyter

Interactive notebooks with HPC access. Limited capacity, *no access conditions.*

### dCache

Large-scale data storage for any registered User Group.

### OpenStack

Self-managed virtual machines with HPC access for projects.

### HAICORE

Containers and notebooks with HPC access via Helmholtz AI.
